Backbone
ISSUE SYNC FOR JIRA

JIRA TO JIRA

INTEGRATION

Possible scenarios

CONNECT JSD & JIRA

Connect your first and second level by automatically creating tickets in the second level Jira if your first level needs help.

CONNECT SUPPLIERS

Connect the suppliers you regularly work with.

PUBLIC/PRIVATE VIEW

Deliver a public view to your customers which is directly synchronised with your internal view.

YOUR SCENARIO

These are only some scenarios. We are keen to hear yours.
